education

University of Washington | Expected June 2021

B.S Human Centered Design & Engineering
Minor in Entrepreneurship

experience

Accenture, Consulting Summer Analyst

Seattle, WA | Summer 2020

Managed progress of an agile project plan and compiled the Program Daily Status to inform client leadership and 700 project team members on the program status to make sure the team communicates to the client effectively as part of a telecom M&A.

Refugee Artisan Initiative, Web Designer

Seattle, WA | Spring 2020

Redesigned 'About us' and 'Shop' pages to improve the user experience of shopping online during COVID-19 pandemic.

Accenture, Digital Summer Analyst

Houston, TX | Summer 2019

Executed over 1000 test cases using SAP Hybris to test the functionality and usability of an e-commerce client in an agile environment. The goal of the tests was to make the shopping experience on the responsive web platform user-friendly.

projects

UX Designer | GroceryPal

March 2020 - June 2020

Created a mobile prototype in 10 weeks in a team of 3 that enables a user to track and remember grocery items in their home, to easily and efficiently use a shopping list, and remind them when their food is about to expire using Figma.

UX Designer | medPad+

UX Protothon | May 2020

Participated in a 24-hour UX Hackathon and prototyped 6 tablet interactive screens of an app that allows nurses to seamlessly check-in new patients and communicate with patients, care providers, and rooms so there is more time for patients and less paperwork.
